Transmitters may be collected from the Race Administration Office in the Tower.

13. QUALIFYING

Grid positions for all races for each class shall be determined from the merged qualifying times from Q1 and Q2 in a descending order from fastest to slowest. Any rider not qualifying within 115% of the fastest time (in their class) will not be permitted to race.

In some circumstances, the Clerk of the Course may include any entered rider who has failed to qualify. Practice times may be used for this purpose. Such riders will be required to start from the back of the grid.

In the event of two riders achieving equal practice/qualifying times the rider who sets the time first will be deemed the faster of the two riders.

14. GRID POSITIONS

Grid positions will be in the format 3 x 3 staggered grid. The rider having realised the best time during qualifying shall start from pole position which will be the position on the left end of the first row of the starting grid.

Other grid positions will be in order of qualifying, starting at the position adjacent to pole on the front row and numbering in order and in the same lateral direction for each successive row.

If the number of qualifiers exceeds the grid limit, positions will be allocated on a descending basis of times.

15. STARTS

All events shall be from a clutch start. A start will be affected when the red light is extinguished.

Competitors will be given a sighting lap to the grid and one warm up lap from the grid prior to the commencement of each race.

16. FUEL

Must comply with GCR rule 13.15 contained in the 2015 Manual of Motorcycle Sport of Motorcycling Australia Limited (MA).

No fuel will be available at the Circuit.

For safety reasons, competitors may not store more than 25 litres of fuel within their support areas and this must be stored in accordance with AS 1940 (dangerous goods storage and handling). Fuel may only be stored in containers approved to contain flammable liquids. For further fuel handling information refer to GCR 13.15 or contact the Promoter regarding AS 1940.

All competitors are required to carry enough fuel for an extra three laps on top of their usual race distance fuel load. This is to prevent further delays in the event of a first lap race restart. In such a case, competitors will be able to return to the start line without the need to refuel. Any riders who do not carry the extra fuel, then re-fuel during a race stoppage will be required to start the restarted race from pit lane after all other riders have left the grid.

17. TYRES

16.1 Senior classes

All tyres for Superbike, Supersport and Moto3/125GP must be commercially available to all competitors and be selected from the MA 2015 ASBK tyre homologation list available on the MA website – www.ma.org.au

• Australian Superbike

A maximum of four (4) sets of tyres can be used from the start of QUALIFYING 1 and these must be marked at scrutineering on Thursday 19th February at a time nominated in the final instructions or at Riders Briefing and these are the only tyres allowed for all qualifying sessions and all races. Any competitor found to be using a non-marked tyre will be excluded from the session.

• Australian Supersport

A maximum of three (3) sets of tyres can be used from the start of QUALIFYING 1 and these must be marked at scrutineering on Thursday 19th February at a time nominated in the final instructions or at Riders Briefing and these are the only tyres allowed for all qualifying sessions and all races. Any competitor found to be using a non-marked tyre will be excluded from the session.

• Moto3/125GP

A maximum of two (2) sets of tyres can be used from the start of QUALIFYING 1 and these must be marked at scrutineering on Thursday 19th February at a time nominated in the final instructions or at Riders Briefing and these are the only tyres allowed for all qualifying sessions and all races. Any competitor found to be using a non-marked tyre will be excluded from the session.

Once scrutineering has placed a tyre marking sticker on a tyre, the tyre and sticker then becomes the responsibility of the rider/team.

Tyre stickers will be checked at random throughout the round at the discretion of the Series Scrutineer. The penalty for using an unmarked tyre in qualifying will be loss of the qualifying session's times. The penalty for using an unmarked tyre in any race is exclusion from the results of the race.

Wet Tyre Usage

Superbike, Supersport and Moto3/125GP competitors may use wet tyres in any race, qualifying and warm-up sessions without penalty.

Competitors will not be permitted to delay the start of a warm-up lap or race by changing tyres **unless the Clerk of Course declares the race wet after the sighting lap has commenced**. If the Clerk of Course declares a race wet after the sighting lap has commenced there will be a maximum delay of 5 minutes for competitors to change tyres.

If a race, qualifying or warm-up session is declared wet by the Clerk of Course then competitors can change to the wet tyres without penalty. These need not be presented for marking.

If a competitor chooses to use dry tyres when the Clerk of Course has declared the track wet the tyres must come from the marked or allocated quota of tyres for that competitor.

Changing tyres during a race stoppage

Tyres may not be changed during a race stoppage (except for reasons of safety) where the Clerk of Course has not declared the race wet. The penalty imposed if a tyre is changed during a stoppage that is not declared wet, will be exclusion from the restart.

During a race stoppage that is not declared wet, Competitors may approach the Chief Scrutineer with a request to change their tyre for reasons of safety (this is usually damage to a tyre acquired as a direct result of the incident causing the stoppage) If the Chief Scrutineer grants permission, the competitor:

- a) if changing to a new control tyre, will be required to restart from the rear of the grid,
- b) if changing to a previously used control tyre may resume his allocated grid position without further penalties applied.

Change of Tyre

a) Prior to Race

A tyre may be changed prior to the start of a race (this does not include a restarted or re-run race) for safety reasons. In such circumstances the tyre may only be replaced with another of the same specification control tyre as marked.

Prior to changing a tyre, permission must be obtained from the Chief Scrutineer.

b) With Permission

Provided the qualifying times that have been achieved are within the 115% cut off, if a tyre is changed, whether permission is given or not by the Chief Scrutineer before or during any of the qualifying sessions, the competitor will lose that qualifying session's times, and start all races from the rear of the field, except in the case of **d) Tyre Defect**.

c) Without Permission

If during qualifying or before a race, a competitor makes a change of tyre that is **not** permitted by the Chief Scrutineer by electing to change the tyre with another approved tyre, the competitor may be given permission to start their next race from the rear of the field.

At the conclusion of this race the competitor will have 30 seconds added to his overall race times. Poor tyre choice by a rider is not a safety issue, and is not a sufficient reason to change tyres.

d) Tyre Defect

If a change of tyre is permitted by the Chief Scrutineer due to a defect that can be verified by the tyre manufacturer's representative as a manufacturing defect, and renders the tyre unsafe or unusable, it may be changed without penalty. A well-worn tyre will not be considered in this case.

In this case the replacement tyre must be of the same brand, size and compound as the marked tyre and must have a signed and dated form completed by the tyre manufacturer with the defect described. The form will be available in the Race Secretary's office.

17.2 Junior Classes

Tyres for Junior 2 and Junior 4 per General Competition Rules (GCR) 13.31.2 & 13.32.2 contained in the 2015 Manual of Motorcycle Sport of Motorcycling Australia Limited (MA).

18. CHANGE OF MACHINE

Any rider may change machines before the start of each race provided the following conditions are adhered to:

- a) Notice of change of machine is to be given in writing to the Secretary of the Meeting for approval by the Clerk of the Course twenty (20) minutes prior to the start of each session/race. Notice is not required to be given if the rider has qualified on the machine onto which the rider changes ie, where the rider or team has more than one machine entered into the event.
- b) No rider may change to a machine which has not been scrutineered.

19. SCRUTINEERING

Machines entered in the competition must have successfully passed machine examination prior to taking part in practice, qualifying or racing.

Current competition licences along with leathers, boots, gloves, back protector and helmet, all of which must be worn, must be presented (having the competitors wear their gear saves a considerable amount of time with the gear checking).

Machines which suffer accident damage in practice, qualifying or race sessions must be re-examined by scrutineers before participating again.

Failure to comply with this regulation will result in this matter being referred to the Clerk of the Course for further action.

20. STEWARDS

The Steward of the meeting may in case of necessity or safety, postpone, stop, or cause to abandon a race or part of a race.

21. IMPOUNDING OF MACHINES

At the conclusion of each qualifying session and race for each class, ALL machines are to be impounded in a nominated area for up to thirty minutes at the discretion of the Chief Scrutineer or his/her representative.

22. RIDERS BRIEFING

All riders must attend the briefing to be held as notified in the Final Instructions. Proof of attendance shall be required by signing a register of entered riders. Failure to attend this briefing and sign the attendance register without an acceptable reason will result in a fine.

23. POINTS SCORING

Australian Superbike, Supersport and Moto3/125GP classes will be allocated points for each race in accordance with GCR 13.12.18. For Superbike and Supersport these points will constitute points towards both the Australian
